INQUIRY FROM MOSCOW REGARDING WHEREABOUTS OF "FORMER" (1947)

From: MOSCOW

To: CANBERRA

No: 155

13 July 47

Advise where "FORMER" [BYVSHIJ] [1] is at present, [3 groups unrecovered] and when you last met him.

Number 67. For the time being you [a] should not meet "CLAUDUS" [KLOD] [11].

No. 6316

GENNADIJ [111]

T.N.: [a] The Russian uses an impersonal expression and without knowing how the question was posed in CANBERRA's number 67 it is impossible to say for certain whether it is intended as a general or a specific recommendation. The most natural way to take it, however, is as referring to the addressee of the telegram.

Comments: [1] Unidentified cover-name.
